**RE: Charlotte County – Slash S Electronic Signature Method for the
In Court Disposition Process**

Dear Ms. Scott:

This letter amends my December 11, 2008, correspondence to you regarding approval by the Florida Courts Technology Commission (FCTC) on the request from Charlotte County to implement the Slash S Electronic Signature Method for the In Court Disposition Process. The General Counsel and the ADA Coordinator for the Office of the State Courts Administrator (OSCA) requested the following amendment to paragraph two of the December 11, 2008, letter in order to more accurately reflect the review and approval process.

~~It was determined that~~ Charlotte County's has certified
that the system complies with the current technical and
functional standards, guidelines and approved ADA-508
compliance standards.

RE: Charlotte County – Slash S Electronic Signature Method for the In Court Disposition Process

Dear Ms. Scott:

Administrative Order AOSC07-63 provides that, "All recommendations made by the Electronic Filing Committee will be reviewed and approved by the Chair of the Florida Courts Technology Commission (FCTC), prior to submission to the Supreme Court for final action."

The purpose of this letter is to inform you that on October 17, 2008, the Electronic Filing Committee (EFC) reviewed Charlotte County's request to implement the Slash S Electronic Signature Method for the In Court Disposition Process. An additional review was undertaken by the FCTC during November, 2008. It was determined that Charlotte County's system complies with the current technical and functional standards, guidelines and approved ADA-508 compliance standards.

Approval of this electronic initiative is contingent upon compliance with the policy considerations and directives regarding the development and application of new technological standardization and enhancements as set forth by the Supreme Court. Since this process is categorized at a low complexity level and falls under the definition approved by the Supreme Court on September 5, 2007, no further review or action is required. Therefore, as Chair and on behalf of the Florida Courts Technology Commission, the Charlotte County request to implement the use of Slash S Electronic Signature Method for the In Court Disposition Process is approved.
