RE: Collier County – Application to Affix Judge’s Signature on Judgment and Sentence Orders

Dear Mr. Brock:

Administrative Order AOSC07-63 provides that, “All recommendations made by the Electronic Filing Committee will be reviewed and approved by the Chair of the Florida Courts Technology Commission (FCTC), prior to submission to the Supreme Court for final action.”

The purpose of this letter is to inform you that on October 17, 2008, the Electronic Filing Committee (EFC) reviewed Collier County’s request to apply electronic signatures on Judgment and Sentence Orders. An additional review was undertaken by the FCTC during November, 2008. It was determined that Collier County’s system complies with the current technical and functional standards, guidelines and approved ADA-Section 508 compliance standards.

Approval of this electronic initiative is contingent upon compliance with the policy considerations and directives regarding the development and application of new technological standardization and enhancements as set forth by the Supreme Court. Since this process is categorized at a low complexity level and falls under the definition approved by the Supreme Court on September 5, 2007, no further review or action is required.

Therefore, as Chair and on behalf of the Florida Courts Technology Commission, the Collier County request to apply electronic signatures on Judgment and Sentence Orders is approved.
