

FCTC - Approved Items November 2015

- FCTC approved a motion from the Certification Subcommittee that a cost analysis be part of the Certification Subcommittee's charge in making recommendations to the FCTC.
- FCTC approved a motion to recommend to the Supreme Court that once the interview questions and decision trees have been vetted by the Judicial Management Council and are on the Portal's test site, the items remain on the test site for no more than 60 days and be brought back to the FCTC at its next meeting for final recommendation. Also, recommend that the JMC update the chart in the *Implementation Plan* to include a 60-day window on the test site. Once approved by the FCTC, the FCTC would ask the Supreme Court to review and approve the recommendation through an administrative process.
- FCTC approved a motion to recommend to the Supreme Court that the existing Landlord Complaint interactive forms currently on the test site be moved into production on the Portal.
- FCTC approved a recommendation from the Interpreter Data Workgroup for the FCTC to encourage that the Clerks modify their CMS and associated integration to capture interpreter needs and specific language; that Clerks contact vendors and report on costs required and time required to make modification; and encourage justice partners to cooperate in the gathering of interpreter needs for inclusion in the case party documentation.
- FCTC approved a recommendation from the Access Governance Board to approve Lee County's amended *Online Electronic Records Access* application.
- FCTC approved a recommendation from the Access Governance Board to recommend that the Supreme Court approve Alachua, Broward, Citrus, Duval, Leon, Pinellas, Charlotte, St. Johns, Gadsden, Miami-Dade, Okaloosa, Bay, and Sarasota counties to move their online electronic records access system from the pilot phase into production.
- FCTC approved a motion from the Access Governance Board to allow Holmes and Wakulla counties to withdraw their *Online Electronic Records Access* applications.

- FCTC approved a motion from the Standards Consolidation Workgroup to approve the consolidated version of the *Technology Standards* in the new format. Work will continue and the final version will be vetted by the FCTC and forwarded to the Supreme Court for approval.
- FCTC approved a motion from the Standards Consolidation Workgroup to approve the consolidated document minus section 2.4.15.3 Confidentiality and Sensitive Information. Once completed and approved by the FCTC, the document will be forwarded to the Supreme Court for their approval.
