

Supreme Court of Florida

No. AOSC16-39

IN RE: COMMISSION ON TRIAL COURT
PERFORMANCE AND ACCOUNTABILITY

ADMINISTRATIVE ORDER

The purpose of the Commission on Trial Court Performance and Accountability is to propose policies and procedures on matters related to the efficient and effective functioning of Florida's trial courts through the development of comprehensive resource management, performance measurement, and accountability programs.

During the next two years, the Commission is expected to perform the following tasks, noting the strong connection between these issues and several of the goals and strategies in The Long Range Strategic Plan for the Florida Judicial Branch 2016-2021:

1. In support of Goal 1.3 (Utilize caseload and other workload information to manage resources and promote accountability), continue to develop the Trial Court Performance Management Framework in the following order: 1) establish baseline data and

benchmarks for measuring Time to Disposition, Clearance Rate, and Age of Active Pending Caseload, upon collection of accurate data; 2) develop a process for correcting court data problems and errors; 3) prioritize and begin to develop administrative performance criteria for the essential elements of the trial courts, as provided for under section 29.004, Florida Statutes; 4) review trial court time standards as a means to identify further performance indicators; and 5) if items 1) through 4) have been achieved, identify new performance indicators and measures/dashboards for integrating performance measures into existing operational policies and procedures.

2. Also in support of Goal 1.3, evaluate the data needs and availability of court programs and issues, such as problem-solving courts, self-represented litigant participation, due process elements, and resource management, to determine a viable approach to performance management in these areas.
3. In support of Goal 4.3 (Create a compatible technology infrastructure to improve case management and meets the needs of the judicial branch and the court users), continue to provide guidance and direction on data management issues as necessary to maintain the integrity of data collection and reporting.

4. In support of Goal 1.2 (Ensure the fair and timely resolution of all cases through effective case management) and Goal 1.3 (Utilize caseload and workload information, manage resources and promote accountability), conduct a workshop to identify events within a dependency case that involve significant judicial workload or court resources that are not captured by current tracking and reporting data systems. This workshop should identify appropriate data management and reporting processes for capturing this workload and resource usage.
5. In support of Goal 1.5 (Encourage the use of consistent practices, procedures, and forms statewide), continue to provide support and assistance to the trial courts with regard to implementation of standards of operation and best practices approved by the Supreme Court.
6. In support of Goal 3.3 (Communicate effectively with all branches and levels of government on justice system issues), continue to assist the judicial branch as it responds to performance and accountability-related statutory requirements and requests by the Florida Legislature and the Office of the Governor.

The following individuals are appointed to serve on the Commission for terms that begin on July 1, 2016, and expire on June 30, 2018:
